Refugee Support Ministry support (if interested email refugees@thefallschurch.org)

1. Drive a member of the refugee family to an appointment or class.
2. Take dinner to the family. They love MacDonald's. But anything that fits within their faith restrictions would be fine. Eat with them.
3. Drive the family to coffee hour and sit with them, introducing other parishioners.
4. Take the middle schooler or high schooler to a school sporting event, miniature golf game, local baseball game or soccer match.
5. Take the family clothing shopping (not at your expense).
6. Help with back to school supply shopping. Again, not at your expense.
7. Take the family or just the children and mother to a state park for an afternoon stroll or hike. Or one of the expansive local parks.
8. Work with the eldest daughter on her driving skills. She's had driving lessons and has her license.
9. Give the family a ride to the downtown Mall. Show them the tourists' Washington sites.
10. Take the mother and children to the Smithsonian museum or the National Zoo.
11. Offer to drive the mother to grocery shop at the Hal'aal market (one on Annandale, one on Lee Hwy, one butcher shop on Hillwood and one butcher shop on East Fairfax)
12. Ask if you can play guitars with their high schooler or take her to a music event featuring local student musicians.
13. Give the eldest daughter a tour of the Northern Virginia Community College (NVCC) campus. Especially helpful if you know a Muslim student attending there.
